

Science Week at Hall Mead

The Science department will be celebrating National Science Week by carrying out the following activities:

Year 7

Year 7 will be taking part in a poster competition focusing on endangered species.

Year 8

Year 8 will be completing a Science puzzle exercise where a series of 3 different problem solving experiments will take place during lessons.

Year 9

Year 9 will be carrying out a Forensic Science activity in all lessons during Science Week

Assemblies

There will be a series of assemblies delivered to all lower school year groups.
